## Verifying ENERGY STAR Certification

ENERGY STAR Appliance Rebates require current ENERGY STAR certification demonstrated by listing(s) on the official ENERGY STAR web site ([www.energystar.gov](http://www.energystar.gov)). The PUD offers the following ENERGY STAR verification methods to help you ensure that your appliance(s) is/are rebate eligible.

Please note:

- 1) New models may take a few months to appear on the official ENERGY STAR appliance list on [www.energystar.gov](http://www.energystar.gov). Please wait until your appliance is listed before submitting your rebate materials. Requests received for not yet listed new model appliances will be returned.
- 2) Asterisks \* on ENERGY STAR lists are “wild cards;” they mean, *insert any letter or number here*.

Certification Verification: [Without the Internet](#)

- 1) Contact a participating Clallam County Appliance vendor\* to request the PUD Appliance Code(s) for your appliance(s). Participating vendors have been instructed to provide our mutual customers with these codes. \*Sears, Pacific Refrigeration, Home Depot, Costco and AA Appliance Service
- 2) Visit any PUD office to review their PUD Appliance Code(s) Manual. This manual, updated six times per year, contains printouts of eligible appliances from the official ENERGY STAR web site.
