SCHEDULE E-2 AREA LIGHTING SERVICE

Availability
This Schedule applies to service for exterior lighting through District-owned fixtures.

Character of Service
The District will furnish, install and maintain standard exterior lighting fixtures and related appurtenances, which shall be and continue to be the property of the District. Installation will only be made after receipt of the installation charge; an additional charge, as set forth in the District's Unit Costs, where a service pole is required for mounting of the fixture; and a contract signed by the property owner guaranteeing payment of the monthly rates for five (5) years.

New District-owned exterior lighting will be accomplished through H.P. Sodium Vapor fixtures.

Rate
100 Watt H.P. Sodium Vapor fixture (per fixture):
Located in an unmetered position: 34.4¢ per day
Located in a metered position: 18.0¢ per day

200 Watt H.P. Sodium Vapor fixture (per fixture):
Located in an unmetered position: 51.6¢ per day
Located in a metered position: 27.1¢ per day

400 Watt H.P. Sodium Vapor fixture (per fixture):
Located in an unmetered position: 83.9¢ per day

Separate Transformer Charge 18.2¢ per day

Rules and Regulations
Service under this schedule is subject to the Rules and Regulations of the District.
(1) Existing 175 watt Mercury Vapor fixtures charged at this rate
(2) Existing 400 watt Mercury Vapor fixtures charged at this rate

Effective  April 1, 2015

SCHEDULE E-4 GENERAL SERVICE - RESIDENTIAL, FARM

Standard Rate

Applicable
To residential and farm customers for domestic, seasonal or recreational use. A residential service is service to any building, facility or structure that is associated with a residence, either single or multi family.

Rate
Basic Customer Charge
Energy Charge
- Single Phase 83.0¢ per day
- Three Phase $1.65 per day
- All Energy 71¢ per kWh

Discounts

A. Low Income Senior Citizen (Residential)
Qualifying senior citizen customers are eligible under Resolution No. 1478-94, as amended, to apply for a discount, which is based on their income level. The Low Income Senior Citizen Discount is computed as follows:

<table>
<thead>
<tr>
<th>Total Household Annual Income</th>
<th>Billing Discount</th>
</tr>
</thead>
<tbody>
<tr>
<td>$0 to $12,500</td>
<td>83.0¢ per day</td>
</tr>

SCHEDULE E-I LARGE INDUSTRIAL SERVICE

Applicable
This Schedule applies to customers with metered loads exceeding 1000 kW. Any customer purchasing power under this rate schedule which has all or a portion of its load designated a "New Large Single Load," or has all or a portion of its load monitored to determine if it should be so designated, shall be ineligible to purchase power under this rate schedule for that portion of its load which has been designated as, or is being monitored for designation as a "New Large Single Load."

The Board of Commissioners specifies that a "New Large Single Load" is any load associated with a new facility, an existing facility, or an expansion of an existing facility -
   a. which is not contracted for, or committed to, as determined by the Bonneville Power Administrator, by the District prior to September 1, 1979, and
   b. which will result in an increase in power requirements of such customer of ten average megawatts and/or more in any consecutive twelve month period.

This definition conforms with the definition of "New Large Single Load" contained in §3(13) of the Regional Power Act (P.L. 96-501) and in the District's power supply contract with Bonneville, Contract No. 96MS-94953. Any and all costs, in addition to those contained in the rates set forth below, which the District must pay as a result of any new or existing customer being monitored for determination or determined to be a "New Large Single Load," including but not limited to monitoring, backbilling, metering, billing and penalties, shall be directly charged to that customer above and beyond the rates set forth below. These additional costs charged directly to the customer may also include increased power costs for any preceding period during which power was supplied, to that customer, during which the customer was retroactively determined to be a "New Large Single Load."
