## Verifying an Appliance's Rebate Eligibility

ENERGY STAR Appliance Rebates require ENERGY STAR certification demonstrated by listing(s) on the current PUD Appliance Code List or its source, the official ENERGY STAR web site ([www.energystar.gov](http://www.energystar.gov)). The PUD suggests the following ENERGY STAR verification methods to help you ensure that your appliance(s) is/are rebate eligible.

*Please note:*

- 1) *New models may take a few months to appear on the PUD's Appliance Code List and the official ENERGY STAR appliance list at [www.energystar.gov](http://www.energystar.gov). Please wait until your appliance is listed before submitting your rebate materials. Rebate requests for not yet listed appliances will be returned.*
- 2) *Asterisks \* on ENERGY STAR lists are "wild cards;" they mean, insert any letter or number here.*

**Certification Verification -- Without the Internet. Two methods are available:**

- 1) Contact a participating Clallam County Appliance vendor\* to request the PUD Appliance Code(s) for your appliance(s). Participating vendors have been instructed to provide our mutual customers with these codes.  
*\*Sears, Northwest Brand Source, Home Depot, Costco, AA Appliance Service and Aaron's*

**OR**

- 2) Visit any PUD office to review their PUD Appliance Code(s) Manual. This manual, updated four times per year, contains printouts of eligible appliances from the official ENERGY STAR and CEE web sites.
