<b>ATTN: CUSTOMER SERVICE COORDINATOR</b>

## **CUSTOMER REQUEST TO CANCEL ADVANCED METER OPT OUT**

Clallam County PUD’s Residential Meter Policy is part of a strategy designed to ensure that the utility system remains up-to-date and cost effective for our customers. Benefits include better outage response, accurate meter reading capability, alerts to potentially dangerous situations, and cost savings compared to physically reading each individual meter in the District’s service area.

Customers who have opted out of the District’s advanced meter program may cancel the request by submitting this form to any customer service location.

**I elect to cancel my opt-out request and receive an advanced meter(s) at my service address.**

**I am the account holder for all meters associated with this account number.**
